SeaWorld Orlando Recognized as a Golden Ticket Awards Legend for 17 Years of Being Voted as Best Marine Life / Wildlife Park

ORLANDO, Fla. (Sept. 21, 2023) – SeaWorld Orlando is proud to announce it was honored as a Golden Ticket Awards Legend by Amusement Today. The recognition comes after 17 straight years of being voted 'Best Marine Life / Wildlife Park' for its continued conservation efforts, and the connection it brings to people and their environment.

Amusement Today's Golden Ticket Award Legends are recognized as those individuals, facilities, and attractions that have set the standard as the 'Best of the Best' throughout the amusement industry. As quoted in The Orlando Sentinel, Tim Baldwin, communications coordinator of the Golden Ticket Awards, described SeaWorld's recognition as follows: 'All parks strive to provide a day of fun, but SeaWorld offers something more: a message. You may not feel you are being educated while having fun, but you are.' More information on the prestigious Legend Award presented to SeaWorld Orlando can be found [here](#).

An accredited zoological facility, the park provides exceptional animal care for a wide range of marine animals, enabling guests to experience amazing animal habitats and unique encounters. Providing a fun and immersive way to educate the public about incredible marine species and inspire them to want to conserve and protect them is the park's mission.

"SeaWorld's mission is to help our guests explore the wonders around them and inspire them to take action to protect wild animals and wild places. We are delighted to be recognized for pursuing that mission and grateful for the honor of receiving the Legend Award following 17 consecutive years of being named the industry's 'Best Marine Life/ Wildlife Park,'" said SeaWorld Orlando Park President Jon Peterson. "We invite everyone to join us at SeaWorld Orlando to experience the wonders and thrills of the park, see the work we are doing to protect marine wildlife first-hand, and become part of our mission to save animal species around the globe."

SeaWorld Orlando's legacy of conservation spans nearly 60 years. As one of the largest marine animal rescue organizations in the world, SeaWorld has come to the aid of more than 40,000

animals in need. It also supports scientific study with the animals in its parks and through field research, publishing more than 400 scientific papers to date. These efforts would not be possible without the animals in its care and the continued support of park guests, dedicated ambassadors, and conservationists around the globe taking action to protect animals and their habitats.
