This spring, children will become the heroes of the park at Rescue Jr. where they can learn about animal rescue and rehabilitation in the coolest way possible - through hands-on, active and engaging experiences, including:

- **Beach Rescue Racer**, a new 1,000-foot roller coaster, with coaster cars in the shape of a beach jeep featuring graphics of different species, will give guests the feeling of rushing to the rescue of animals in need.
- Young guests will embark on an exhilarating train ride adventure themed around a thrilling sea rescue search on the **Ocean Quest Express** and play a game of “I Spy” looking out for hidden sea life along the way.
- **Tide Pool Tumble** allows guests to ebb and flow as they glide and slide in and out with the tide on a seaside joy ride.

- Rescuers will take to the skies and soar on **Seabird Swing**, virtually parasailing high above the ground to observe seabirds.

“Rescue Jr. will be an exciting addition to our park and put marine animal rescue at the forefront with our guests. The new play area will be a fun and exciting way for our guests to learn about the animal rescues that our dedicated teams do every day, 365 days a year,” said Jeff Davis, Park President, SeaWorld San Antonio. “We know that Rescue Jr., along with all of our animal habitats and presentations, will ignite a passion in young hearts, inspiring them to become future animal rescuers, scientists, veterinarians or conservationists.”

SeaWorld is one of the largest marine animal rescue organizations in the world and has come to the aid of over 41,000 injured and orphaned animals. Every park guest can feel good knowing their visit makes a difference in conservation as a portion of proceeds from tickets and in park purchases goes toward SeaWorld’s rescue and rehabilitation efforts.
