SeaWorld San Antonio Will Reopen on June 19

Park Launches New Safety Website and New Reservation System

SAN ANTONIO, Texas (June 10, 2020) – SeaWorld Entertainment, Inc., one of the world’s leading theme park and entertainment companies, has announced a phased reopening (with capacity limitations) of **SeaWorld San Antonio** on Friday, June 19, 2020. Aquatica San Antonio opened to the public on June 6, 2020. The reopening of the park will include enhanced health and safety protocols for cleaning and sanitizing, physical distancing, face covering requirements, and temperature screening. A new online reservation system will also help manage capacity so that guests can enjoy a safe and fun experience while maintaining physical distancing. The phased reopening plan was approved by the State of Texas.

“We thank Governor Abbott, Representative Cortez, and San Antonio Mayor Nirenberg for their support of tourism in Texas as we prepare to reopen SeaWorld San Antonio to the public on June 19,” said Marc Swanson, interim CEO of SeaWorld Entertainment, Inc. “Over the past two months, we have worked with state and local health officials, third party medical and epidemiology experts, and attraction industry leaders to enhance our strict health, safety, and cleanliness standards. We are committed to the health and safety of our guests, employees, and animals in our care, and will continue to follow the guidance of health officials as conditions evolve.”

“We were thrilled to announce the reopening of Aquatica on June 6 and are happy to now share that our guests won’t have to wait much longer to join us back at SeaWorld,” said Byron Surrett, president of SeaWorld San Antonio and Aquatica. “Safety is a top priority for our park teams, and we’ve been working hard to prepare a safe environment to welcome everyone through our park gates for more fun and memorable experiences.”
